“April is Minority Health Awareness Month”

There are disparities between minority & non minority health. To address the disparities, we must be aware of the contributing issues such as difficulty accessing health care, nutritional food options, health education & the disproportionate burden of preventable diseases, deaths & disabilities compared to non minorities. Checkups & Immunizations need also to be addressed early. Programs focusing on prevention, early detection, disease control & Supportive Strategies are being addressed by the CDC, NIH Institute &/the Office of Minority Health @ www.nimhd.nih.gov. We must assume responsibility & be more aware of our own minority health & that of our family & community with healthier eating, decrease smoking/ alcohol, exercise programs & healthier behaviors, to help remove health disparity barriers between minorities & nonminorities

WMBA Spring Institute –April 9-11

Location: Malaby's Crossroads
@ 7:00pm

GRIEF SHARE

GriefShare, a weekly, video-based support and discussion group, designed to encourage hope, help and healing will begin its next cycle of sessions at Riley Hill Baptist Church on Thursdays from 7:00 to 8:30 pm, March 14 to June 6, 2019. The group is open to anyone dealing with the passing of a loved one. We ask that you call or email to register at least the day before the session so proper preparation can be made. Please contact the church at 919-365-527 or email griefshare@rileyhillbaptistchurch.org to register and/or for more information.
