"Face Book Live streaming will start at 10:00am.

“From the RHBC Health Ministry”

June is National Men’s Mental Health Awareness Month

June as a National Men’s Health Awareness Month is used to raise awareness about health care for men & focus on encouraging boys, men & their families to practice & implement healthy living decisions. Decisions such as the importance of regular exercising, healthy eating & regular doctor visits to monitor & maintain normal weight & blood pressure, & to include sexual, productive, colon, rectal, prostate exams & mental health assessments.

**10:00 AM
